

Annual Fall Carnival for Children with Special Health Care Needs

The 7th Annual Fall Carnival for Children with Special Health Care Needs (CSHCN) was held by Phoenix Pediatrics this year at the Chase Field Plaza. Approximately 300 guests enjoyed the event which was led by Master of Ceremonies Bobby Freeman, and included special guests Wheelchair Over the Line and Banner Wheelchair Suns. This year's event also included a surprise visit from Baxter, and some terrific clown antics by Dr. Jim "Boffo" Rice.

Phoenix Pediatrics adds joy to the lives of their special kids by helping them to enjoy the same type of activity as children without disabilities with their annual carnival that is held every fall.

Cosmopolitan Medical Communications is proud to be a long time sponsor of this event and encourages any party that may be interested in being a part of this special event or providing sponsor ship to contact Susan Cuchiara at 602-242-5121, ext. 112.
